Assistant Director, Scientific Intelligence
Assistant Director, Current Intelligence
Assistant Director, Operations
Assistant Director, National Estimates

SUBJECT: Intelligence Publications

1. It would be appreciated if the officer responsible in your office for publications would meet in my office, Room 1128 N Building, at 3:00 o'clock on Monday, 25 August, for the purpose of reviewing publication practice and problems since the issuance of the DD/I memorandum of 6 March 1952 entitled, Categories of CIA Publications.

2. It would be helpful if your representative would bring with him sample copies of publications issued since 6 March which represent most recent practice. It is suggested that this be the occasion for each office to review publication dissemination lists and to identify problems which have been encountered in publication.
